

PRODUCT CHANGE**Change:** New battery set for perma STAR VARIO**PCN-No.:** 1211-02-01**Date:** 05 November 2012**Description of Change:**

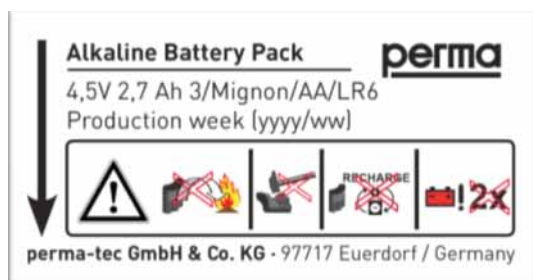

Battery set for perma STAR VARIO was improved.
Battery label with new design.

Details:

Advantages of new battery set:

Improved handling
Battery theft no longer possible
Prevents unintentional short circuits
Improved operation for applications with vibrations

The new battery set consists of two covers (for both poles). Both covers are soldered together and protect battery connectors. The battery set is placed into perma STAR VARIO just like the old version (in direction of the arrow). Placement does not require any additional steps during battery exchange. Existing operating instructions remain valid.

**Products effected:**

Battery set perma STAR VARIO 21.000.xxx

Effective date:

01 January 2013
