Discontinuation of perma CWL applicator assy (101558)

PCN-No.:

PCN-1404-03-01

DO NOT circulate this PCN to anybody else as it is only intended for selected recipients.

Date:

2014/04/25

Description of Change:

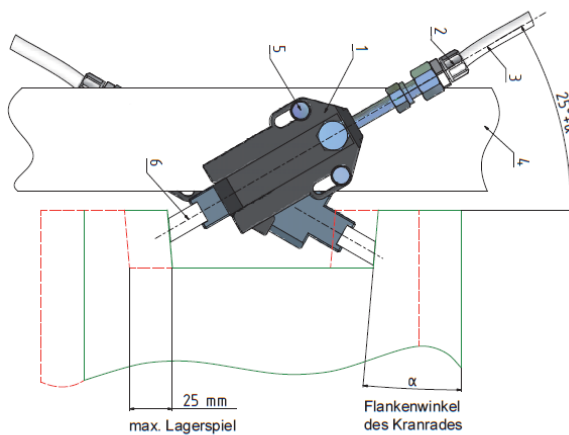

perma CWL applicator assy (101558) will be discontinued. It is replaced by perma CWL PLUS (standard probe 101580 / off-set probe 101581 and CWL PLUS SET 101564).

Details:

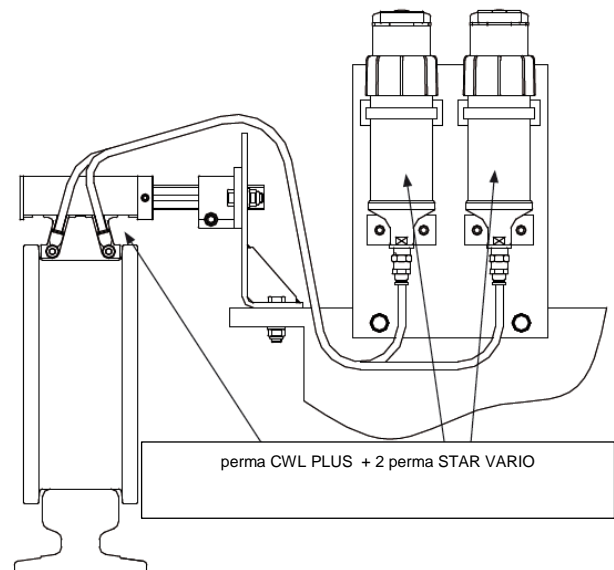

The perma CWL PLUS has the following advantages:

1. More flexibility through simplified installation
2. perma CWL PLUS probes are suitable for all shapes and angles
3. perma CWL PLUS can be used for a wider track width (50 to 170 mm).

perma CWL

perma CWL PLUS

perma-tec still supplies the applicator insert replacement (101559) for the previous version (101558) for the next 5 to 10 years!

Products effected:

perma CWL (101558)

Effective date:

Middle of 2015
